

TOMEX ENGORDE. TECHNICAL SHEET.

Cod. GR206014

TYPE	Vegetal nutrition.
ACTIVE INGREDIENT	100% <i>Ascophyllum nodosum</i> seaweed extract rich in microelements, amino acids, vitamins, polysaccharides, alginates and phytohormones, as well as the entire group of activating substances, all of them exclusively from seaweed cells..
CONCENTRATION AND FORMULATION	100% vegetal extract rich in natural auxins, pH 12-13. Once properly diluted it does not modify the blend's pH.
WAY OF ACTION	Foliar and root applications..
MANUFACTURER	MCA Algas y Derivados, S.L.
TOXICITY	This product is not a dangerous substance according to chemical product regulations currently in force.
ANTIDOTE	No specific antidote known.
MAIN CHARACTERISTICS	<p>Tomex Engorde activates rooting and encourages root system growth during the vegetative development and therefore, the treated plants recover themselves promptly after suffering root illnesses. The root system adapts itself in accordance with crop demands.</p> <p>Tomex Engorde prevents fall of recently set fruit, increasing fruit size and accelerates harvesting.</p>
USE RECOMMENDATIONS	<p>Foliar dosage:</p> <ul style="list-style-type: none"> · Pip fruit trees: 200-250cc/100 litres. Treat the trees from 5 to 10 days before harvesting to prevent premature fruit fall. · Stone fruit trees: 100-150cc/100 litres. Apply at the beginning of the stone hardening phase. · Citrus trees: 150-200cc/100 litres. Apply after the crop's natural purge. <p>Root applications: Vegetables: 1.75-2 litres/ha every 10 days.</p>
MIXTURE PREPARATION	Fill the container with water. Add Tomex Engorde first and then add the other products. Tomex Engorde must be diluted at least 1% before being mixed with other products. Do not mix with products containing hormones or pH regulators
COMPATIBILITY	Compatible with most phytosanitary fertilizers and products once diluted to 1%. Do not mix with products containing hormones or pH regulators
PHITOTOXICITY	Not toxic for man or animals used in the recommended doses. Does not damage the environment. Keep in a fresh place and protected from light. Do not ingest and avoid contact with eyes and skin.
CONTAINER	Tomex Engorde comes in 1, 5 and 20 litre containers. Also in 1,000 litre containers.
