

TOMEX HIDROP. TECHNICAL SHEET

Cod. Gr 204013

TYPE	Vegetal nutrition.	
ACTIVE INGREDIENT	A seaweed extract especially elaborated for application during critical vegetal development phases and maximum biological demands. It possesses a great variety of amino acids, microelements, vitamins, polysaccharides alginates, and phytohormones, as well as the entire set of seaweed cell activators.	
CONCENTRATION AND FORMULATION	100% vegetal extract, liquid, short molecular chain polyuronic structured saccharides.	
WAY OF ACTION	Foliar and root applications..	
MANUFACTURER	MCA Algas y Derivados, S.L.	
TOXICITY	This product is not a dangerous substance according to chemical product regulations currently in force	
ANTIDOTE	No specific antidote known.	
MAIN CHARACTERISTICS	<p>Tomex Hidrop activates rooting and encourages root system growth during the vegetative development and therefore, treated plants recover themselves promptly after suffering root illnesses. The root system adapts itself in accordance with the crop's demands.</p> <p>Tomex Hidrop promotes blossoming and fruit size, preventing the falling of recently set fruit, increasing fruit size and accelerating the harvest.</p>	
USE RECOMMENDATIONS		
Crop	Root application dosage	Comments
Fertirrigation in soil or sanding	400-500 cc per 1000 m ² in one single application (5l/ha)	During maximum biological demand phases. Repeat every 10 days.
Hydroponic systems	2-2.5 litres/ha per week	In the microelements tank.
Fruit trees	6-8 l/ha	During critical plant development phases.
	Foliar applications	
For all crops	0.5-1 cc/l	<i>For size:</i> mix with 1-1.5 cc/l of Tomex Amin and potassium sulphate at 3 %.
MIXTURE PREPARATION	Fill the container with water. Add Tomex Hidrop first and then add the other products. Tomex Hidrop must be diluted at least 1% before being mixed with other products. A test is recommended to be performed before its general use	
COMPATIBILITY	Compatible with most phytosanitary fertilizers and products once diluted to 1%.	
PHITOTOXICITY	Not toxic for man or animals used in the recommended doses. Does not damage the environment. Keep in a fresh place and protected from light. Do not ingest and avoid contact with eyes and skin.	
CONTAINER	Tomex Hidrop comes in 1, 5 and 20 litre containers. Also in 1,000 litre containers.
